PECK OR PUBLIC?

An investigation of the Koolau-poko road district payrolls is desired by Mayor Fern, as he indicated at a Board meeting last night. He particularly wants to know in regard to a certain laborer's labor and time as certified to by Solomon Peck, overseer, on the ground that the workman was working for Peck and not for the public. The Board put the matter into the hands of the road committee for investigation.

"Honolulu, February 24, 1909. To the Honorable the Board of Supervisors of the City and County of Honolulu.

"Gentlemen: At your meeting held February 2, 1909, among other demands allowed was one designated as Labor Payroll No. 35, for the Koolau-poko road district, dated January 30, 1909. This included the demand of one Haleakala for fourteen days' labor at one dollar and a half a day, a total of twenty-one dollars. Solomon Peck certifies that the work for which the demand is made had been faithfully performed.

"About two weeks later I received information, from a source which I considered entirely credible, that Haleakala had done no work or service for the City and County of Honolulu whatever, during the time for which his demand for labor was made, but had, on the contrary, during this time been rendering service for Solomon Peck personally.

"Upon receipt of this information I deemed it my duty to notify the Auditor and the Treasurer of the information I had received, which I did, stating at the same time that I would bring it to the attention of the board at its next meeting, which I now do. If the information given me is correct, the matter is a serious one, and it should be thoroughly investigated. If your body shall decide to investigate it, I promise you every assistance in my power. Very respectfully,

"(Signed) **JOS. J. FERN,**

"Mayor."

Bandaman Kapua's illness received further attention. Berger had for a few weeks continued his pay until the Supervisors thought he had been paid enough and declared that the people's money should be more carefully handled, though it was a pity the musician should be ill. Logan sympathized but showed how it was the duty of the board to hold to the principle of guarding the public treasury. If the whole band were sick at one time and for an indefinite period where would the people's purse come out? Kane used an argument to the effect that the County was giving the Leahi home \$125 a month and was it different to give a veteran bandman his pay while he was sick and unable to work? Quinn thought the pay might go on for a while, however the matter may be decided later when the final report of the committee is made. Mayor Fern was first to reply to Kane. He said that Hawaii, Maui and Kauai all contribute to Leahi home, in fact it was a public institution.

Fern appointed Aylett, Ahia and McClellan as a legislative committee to keep in touch with bills in the Legislature affecting the city charter.

Smith lane is calling for more electric lights, as are people interested in the Queen street extension and Kalihl road, and King street and Queen street extension. Report was made that Bethel street new buildings will be on the new street line and the city will curb. Fire Chief Thurston invited Mayor and Supervisors to next Monday attend a moving picture exhibition of department pictures. The Promotion Committee had sent in an invitation for moving pictures at the Young Hotel this evening. Tenders for coal supply were opened, some covering delivery and some not. Quinn will see what horses and wagons are available for the city delivering its own coal.

Payroll demands are made as follows, according to committee reports: Road, bridges, parks, etc.; maintenance of roads, Honolulu, payroll \$690; parks payroll, \$100; pounds, \$30; engineering and surveying work, payroll, \$212.50; donation Kapohou park, \$164; collection and distribution garbage, payroll, \$107.50. Passed "1, 2, 3." Logan formula.

Fire and Electric Light Committee: Fire department payroll, \$1837.50; maintenance and construction electric light system, payroll, \$337.50; fire alarm system, payroll, \$62.50.

Police department, payroll, \$3527.50; coroner's inquests, \$60. The police payroll includes portions of salaries not allowed for the first half of February, at first refused, and subsequently allowed by the board on reconsideration. Passed, "1, 2, 3."

The committee to inquire into the "corner loafer" complaint of Senator Dickey, reported that there were statutes covering this matter, and Sheriff Jarrett promises to prevent Jarrett promises to prevent the nuisance.

"Copy," The Soul of Advertising

"COPY" is the soul of advertising. Advertising space, without good "copy," is like a wooden Indian in front of a cigar store; it locates the store, but does not say anything.

Even the smallest country merchant no longer fills his space with flapping about the "best goods in town at lowest prices." He knows that merely buying space is not advertising; and, having paid for the space, ordinary business sense counsels him to make it yield profitable returns.

This can be done only through copy that is honest, sincere, and convincing. Anybody with money can buy space in a paper, but very few can write the copy that pulls business.

Writing advertisements is our business, and we have made a study of it, as every man must do of his own business. We know how to write paying ads. Let us hear from you about your ads.

We'll Charge You Nothing For a Consultation.
